

Renaissance Ridge HOA Meeting Notes 3/07/15

The HOA is looking at bids to replace the playground on the South end of 242nd DR SE. The HOA hopes to have a contractor picked out by the summer to complete the project, which is already budgeted, this year. The HOA would like the playground to be consistent in look and quality to the playground installed recently on the North end of 242nd DR SE.

The HOA is looking for ideas and volunteers/leaders to help raise money for Team Maddie. This is in partnership with COTA (Childrens Organ Transplant Association) to help raise money for Maddie, a little girl in our neighborhood who recently had a heart transplant. One idea was to do a fundraising yard sale at the West park off of 240th Way SE.

The board approved and funded a fence repair on a homeowners property from an HOA tree that was rotting and causing damage. The HOA obtained a permit, removed the tree, and fixed the fence. The HOA is also looking into replacing the fencing along 242nd DR SE. ALL Around Fence Co. has provided a bid for the project.

Open Discussion-The HOA discussed the current landscape company and is exploring other bids.
